“The Dialogue Between Franklin and the Gout”

This amusing and very insightful report was written by Ben Franklin in 1780. Although written long ago this piece delivers an amazingly simple yet highly effective natural solution to cure not only gout but obesity, lack of energy and many other health problems plaguing many.

Now even if a person is not suffering from gout, thru the **“A Body’s Defense System Run Amuck – The Real All Natural Gout Cure”** report they can discover how our mind, body and spirit work together to cure diseases (and unfortunately in some cause them). Plus take the information found at the end of this report a step further and cures for financial, love, relationship and even world problems can also be revealed. This may sound a little farfetched yet the power is there if used correctly. **But first let’s get back to gout.**

Gout attacks, gout pain and gout suffering are on the rise in the United States and across the World. Once known as **“The Disease Of Kings”**, gout is now attacking many, many more people across many economic, social and even age groups. According to the National Arthritis Data Workgroup, an estimated 6 million people in the United States report having experienced gout at some point in their lives. In fact, gout is the most common form of inflammatory arthritis in men over the age of 40.

Parade Magazine recently had an article on the rise of gout attacks, gout pain and gout suffering. The article referenced many famous people throughout history that have suffered for the extreme pain and swelling that comes with a gout attack. Natural gout cures and new medical gout cures were mentioned in this article.

Last month we at the Will To Be Success Foundation (see <http://www.WillToBeGreat.com>) started to research gout and the medical and natural gout attack, gout pain and gout swelling cures that exist.

You see a friend of mine who played professional football for 12 years had a serious gout attack which was extremely painful. Every time his gout attack would go away for a few days, he would get another gout attack in another joint. Extreme swelling and gout pain moved from his left ankle to his right toe to the top of his right foot and then on to his left knee where his knee swelled to a size larger then a softball but not quite volleyball sized. It got to the point that he could not sleep at night or even bend his knee without extreme pain. He went to a doctor and got a prescription for a very powerful cortisone based steroid. He had used this the month before for the first ankle gout attack and had relief for the 6 days he took the medicine and for 3 days afterward. But then the gout came back in his right toe and foot. So concerned that this could occur again he contacted us and asked if we knew anything that could help.

Now our friend was still in great shape and did not drink or smoke. You can also imagine the level of pain tolerance that someone who played 12 years in the NFL must have. So when they tell you that something really hurts -- You can imagine how bad it is. In addition we also realized the mind power and body healing power that someone who has achieved this longevity in a brutal and highly competitive sport must have.

So with this in mind we began our search for a highly effective, all natural gout cure that would help our friend and the growing number of people around the world that have suffered, will suffer or will suffer again (gout tends to return) from gout attacks, gout pain and gout swelling.

Gout is a painful form of arthritis that is caused by high uric acid levels in your blood (hyperuricemia). Gout attacks occur when excess uric acid forms crystals, causing inflammation in your joints that leads to swelling and pain. As your uric acid level rises, so does the potential for gout and gout flares. Over time, gout attacks can become more severe, last longer, and occur more often. **You can't take aspirin for the gout...aspirin only makes it worse.** Everybody likes a picture but we are going to spare you the ugly gout attack photos we came across. **Let's just say – Gout is Not Pretty.**

While we found some remarkable easy and natural gout cures and some very interesting herbal blends that may work well if you continue to take them forever we were startled by the implications of the following discovery:

Uric acid is vital to humans, but, like many a good thing, too much of it is bad. Too much causes uric acid crystals to form in and around your joints, and under your skin. Many people imagine these crystals to be painful, often describing them as sharp and needle-like. They are actually so small, that they don't cause physical pain directly, but **your immune system sees them as virus-like invaders**, and attacks them causing inflammation and acute pain. But, unlike a virus, your immune system cannot kill uric acid crystals.

So the stronger your focus, your mind power and your body's healing power (as in the case of our friend) – The more your body's immune system will attack what it sees as a virus-like invaders in the same way it has successfully attacked and cured virus infections in the past. This causes even more gout pain, gout inflammation and gout suffering. **It even explains what many doctors we interviewed for this natural gout cure article could not explain -- Why gout attacks in our friend were reoccurring in different joints.**

A true natural gout cure cannot be successfully gained until a mind and the body attached to it wrap themselves around the concepts and the success foundations that you will have when you order your report now – [Just Click Here.](#)

So based on this information we can see how no permanent natural gout cures, no medical gout cures and even physical gout cures can be achieved without addressing **this issue**. This is why medical gout cures like allpurinol and even natural gout clearing supplements require taking them daily -- **Forever**.
